

## KELLY PERILLO, PA-C

*Board-Certified Physician Assistant*

Kelly Perillo has been a board-certified physician assistant since 1995 when she graduated from Northwestern University in Downers Grove. In addition to specializing in the diagnosis and treatment of spinal conditions, Kelly maintains an adjunct faculty affiliation with the Physician Assistant Program at Northwestern University, serves on the Midlevel Advisory Board for DuPage Medical Group, and has upheld her athletic training certification since 1991.

Whether a patient needs conservative care or requires surgery, Kelly believes that patient education is the key to patient satisfaction. She will spend time with her patients to ensure that they understand their condition and the reasoning behind proposed testing and treatments. She takes a thorough history of the condition, performs the physical exam, orders pertinent x-rays, MRIs and CT scans, and prescribes medication and other treatments including physical therapy and injections. She refers patients appropriate for surgery and assists in surgical procedures including minimally invasive techniques.

Kelly is a member of the American Academy of Physician Assistants, the Illinois Academy of Physician Assistants, the Physician Assistants in Orthopaedic Surgery, and the National Athletic Trainers Association. Kelly assists in surgery and works closely with Dr. Steven Mather, Orthopaedic Spine Surgeon.

To schedule an appointment, please call 630-967-2225.
